3 Courses

.Net Full Stack Foundation

Frontend Development using React

Backend Development for .Net Full Stack

BOARD INFINITY

Feb 23, 2026

Abhay Gupta

Abhay Gupta, Co-Founder, Board Infinity

Ridham Pokiya

has successfully completed the online Specialization

.NET FullStack Developer

In this specialization, learners are taught to build web applications using React & ASP.NET technologies. They have learnt the fundamentals of C# Programming, how to develop web applications using React and setup backend using MVC 5 and WebAPI. They are well-equipped with the knowledge and skills needed to develop advanced fullstack web applications.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
